## THERE IS A DEBT RELIEF SOLUTION

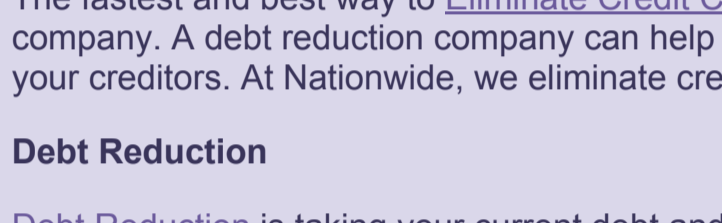

Facing a stack of credit card debt that you cannot handle? Do you wish there was someplace that could just reduce or pay off your debt down to a fraction of what you owe? Take heart. You are not alone. Since 2008, Americans have been hit with one of the largest credit crises in U.S. history. Housing prices have dropped nearly 35% or more. Companies, both large and small, have been laying off employees at unseasonably high rates, leaving us behind in what we call "the debt trap." In addition to all of this, there seems to be a proliferation of debt reduction companies advertising on TV and radio, promising debt relief solutions utilizing secrets that the credit card companies do not want you to know. We are here to tell you there are no secrets to the debt relief process!

## DEBT RELIEF!

If you happened to come across our web site, you are one of the lucky ones. Last year alone, we helped negotiated and settle the unsecured debt for thousands of the 2.2 million households that were seeking debt relief throughout the United States. All of these families and/or small businesses had one thing in common when looking for a company with whom to work. That commonality was an [Debt Reduction company](#). One who would act in a LEGAL, ETHICAL and MORAL way to help you reduce your credit card debt and come out from under "the debt trap," instead of trying to run away from it. Over 50% of our [Debt Management](#) team have used our debt reduction services themselves at one time or another. They know exactly what it is like to be in your shoes seeking debt relief. They can empathize with you and help you eliminate your credit card debt forever.

## GETTING HELP WITH CREDIT CARD DEBT RELIEF!

If you need credit card debt relief and would like to learn more about our program, we ask that you call us toll free at **800.890.6658** or simply go to our [Getting Started](#) page and fill out a free, no obligation form. We know that no two people are the same when it comes to credit card debt relief and negotiation, and we want to fully understand the particulars of your situation. If you would like to continue to browse our website and learn more about how we can help you with your credit card debt relief and negotiation process, we encourage you to do that as well, especially the FAQ or Frequently Asked Questions section. More than likely, many of the questions you have can already be found in this section. With [Christian Debt Relief services](#), we will hold your hand and walk you through every step of the way.

We also realize that most Americans cannot just open up their checkbooks and wipe out \$50,000 worth of credit card debt relief in one sitting. If they could, there would be no need for a [Christian Debt settlement company](#) like ours. We urge you to make sure that you do your homework on other companies as well. In our opinion, most of these companies offer little more than a quick trip to a bankruptcy court, which should always be your last resort.

## DEBT SETTLEMENT!

[Debt settlement](#) companies like Nationwide Debt Reduction can often reduce your debt by 40% or more when we negotiate with your creditors. For example, let's say you owe \$50,000 in credit card debt and you contact a debt settlement company like ours to assist in you in negotiating and lowering your credit card debt with these companies. The debt settlement company can likely lower your debt from say \$50,000 x 60% to about \$30,000 or maybe even less. That is an immediate forty percent savings! Naturally, you are going to pay the debt settlement company money for these services however, overall you are already still way ahead of the game.

## HOW DO I CHOOSE THE RIGHT DEBT SETTLEMENT COMPANY?

Finding the right debt reduction company can be a little bit tricky. After all, it is not something you typically bring up with colleagues around the company water cooler. That means you will have to do some of the legwork on your own. However, there are a few things to keep in mind to make the task easier and less fraught with disappointment when looking for debt relief services.

First, look for an [ethical Christian Debt Reduction company](#). Second, look for only debt reduction companies versus debt consolidation companies. A debt reduction company will help you lower your principal balance instantly. You have paid these credit cards companies a fortune already, why pay more to them now? Third, find out what the company charges to enroll in its debt reduction program. Finally, pray for discernment. We trust that you will find our company to be the finest in our industry, when it comes to [Christian Debt Reduction](#).

[Christian Debt Consolidators](#) are vastly different from Christian debt negotiations. All a Christian debt consolidator does is collect monies from you and turn around and pay the creditors. ## Christian Debt Consolidation

[Christian Debt Consolidation](#) is vastly different from Christian debt negotiations in that most Christian Debt Consolidation companies work directly for the credit card companies and not for your personal interest. ## Debt Negotiation

[Debt Negotiation](#) is simply a process of allowing our debt negotiation management team to contact each creditor on your behalf, and negotiate a settlement for a fraction of what you owe. Why would a creditor do this, you may ask? The simple answer is that they do not want you to file for bankruptcy, in which case, they would get nothing of what you owe them. Debt negotiation companies, therefore, are the way of the future.

## Christian Debt Reduction

[Christian Debt Reduction](#) is very similar to other debt reduction companies. However, a Christian debt reduction company is owned and operated by Christians. In addition, as a Christian debt reduction company, we ensure that all negotiations with your creditors are done ethically, legally and morally, while asking our Lord to guide us each step of the way.
