I have been in the credit and debt industry for the past 7 years. I owned and operated two nationwide credit repair firms before settling down into the debt settlement industry. Needless to say but I have learned a few things about credit and debt along my way. I love what I do and I love going to work everyday knowing that I am helping people who think there is no way out of the financial issues they may have fallen into. It is truly a rewarding position and I wouldnt change it for anything.
