Tim Daniels's Summary

Over the last 6 years I have devoted my ambitions and experience to the debt settlement industry. Far and wide critics consistently give the industry a bad name most of them are far from the truth. Several years ago I started a company after being educated by American Financial Service in Irvine CA. FDN Solutions allowed for the build of the Everest Debt Solutions brand name. Everest was initiated to be a household name that would keep our customers coming back for years to come. We have assisted more than 30,000 requests for information and provided services to over 2,500 clients.

Tim Daniels's Experience

VP

American Premier Servicing

(Financial Services industry)

December 2009 — Present (4 months)

APS was created as an alternative servicing center for Everest Debt Solutions clients that need services above and beyond the typical debt relief services. Viable clients of EDS that choose servicing with American Premier have access to their own unique representative that will be an advocate for the client throughout the financial literacy program APS provides.

VP

Touch Up Guys Marketing Group

(Marketing and Advertising industry)

February 2009 — Present (1 year 2 months)

TUG Marketing was created as a portal for lead gen services to be provided to other debt relief companies. During the course of 2009 TUG Marketing exploded from 2 active monthly clients to a high point of 9 active clients.

Managing a monthly online ad delivery budget of over \$300,000 allowed for metrics to be discovered and used to help drive the success of our clients to the top of their fields. Most of our clients have enjoyed a host of double digit returns as well as marketing costs below the industry average.

Operations

Everest Debt Solutions

(Financial Services industry)

January 2007 — Present (3 years 3 months)

Everest Debt Solutions was a bi-product of the tremendous success of FDN Solutions. Everest was able to establish a house hold brand name nationwide for debt relief through debt settlement. Over the last 2 years Everest has grown to more than 20 front end agents and boasts multiple service centers with total staffing exceeding 300 every day employees.

Monthly we work with roughly 3,000 requests for information in addition to servicing our client base. In Q4 of 2009 we successfully reduced the balances on over \$2.9 million dollars of credit card debt saving our client base \$1.43 million dollars.

Our service record is outstanding and our commitment to seeing our clients through to completion is second to none.

Operations

FDN Solutions

(Financial Services industry)

December 2006 — March 2007 (4 months)

FDN Solutions is the debt settlement industry leader promoting excellence in the field of negotiations and customer service. Our program has consistently helped consumers reduce and eliminate unsecured debt. We have strong relationships with most major creditors and work for the client to settle there debts quickly and efficiently. We strongly urge consumers to stay away from "non-profit" CCCS companies that are paid for and sponsored by the credit card companies and charge fees for there services.

Senior Debt Advisor

American Financial Service

(Financial Services industry)

December 2005 — December 2006 (1 year 1 month)

Worked with indebted consumers in order to reduce and eliminate their unsecured debts. On average we were able to reduce the amount of debt by over 60% and reduce the clients monthly payments as well.
