About DebtReliefEmergency.com

DebtReliefEmergency.com is a consumer based services aimed to help individuals or small businesses find the best debt relief options available in the marketplace.

Our service is completely free of charge for the consumer. When you fill out the form on the home page of DebtReliefEmergency.com we match your information and location up with a top performing debt relief specialist in your state.

There is no obligation for the consumer and no credit checks are performed when the form is filled out on DebtReliefEmergency.com. If you have over \$10,000 in unsecured debt it almost always makes sense to use a debt relief company to settle your debt.

Millions of consumers are in unsecured debt and the number is expected to increase exponentially given the current financial state of our economy. A top performing debt settlement or debt relief program will eliminate unsecured debts such as credit card bills, medical bills, utility bills and personal loans from your creditors up to 40%-60% of your original balance.

If you currently have a debt relief emergency it is important to deal with a legitimate debt relief or consolidation company. Unfortunately, due to the rapidly expanding debt relief industry there are inexperienced companies popping up every day who will end up costing you more money than saving you.
